### **Intro for parent/student evening**

Dr Prue Salter from Enhanced Learning has specialised for the last 15 years in the area of study skills and is in high demand as a presenter of study skills sessions. Prue developed the study skills website our school subscribes to and has written many other study skills resources.

Tonight Prue will share with you some simple but powerful strategies to implement at home to help students cope with the academic demands of school and achieve their personal best. You will be discussing together what might work best for your family.

So get ready for an action packed entertaining evening, where I am sure at the end many parents will say 'I wish someone told me all this when I was at school'.

If your school **DOES NOT** subscribe to [www.studyskillshandbook.com.au](http://www.studyskillshandbook.com.au) use this intro:
