

THEME FOR 2025

Unite to ignite

Year 12 2025 developed this theme to align with the core values as presented in the EREA Learning statement. The Foundational concept encompasses the theme from the EREA Touchstone of Inclusive Community.

The Gospel reference 'Walk in the light as He himself is in the light' calls us to recognise that we are all created in the image of God and each carry the spark of God within us. By recognising our shared sacredness and living the Gospels, we are united in fellowship and called to build a community of inclusivity. How we treat each other, is how we treat God.

School Computers

No admin rights from Year 7 in response to parental feedback on the degree of misuse / lost time on devices due to games.

Student searches are monitored by Net alert at school and Cyberhound elsewhere to ensure devices remain a tool for learning.

HOMEWORK POLICY

It is the policy in this College to set regular homework in all subjects. Homework tasks usually involve one or more of the following:

- Set work based on the daily work in the subject.
- A task related to revision of the day's lesson and/or some past work – this might be revision for a test for example.
- Major assignments and tasks which need to be worked on over a lengthy period. The student needs to budget his time for such a task and record this in the diary, otherwise rushed last-minute efforts are made with little benefit to the student.

Work that is poorly presented or reveals little effort on the part of the student may be required to be presented again. A consistent disregard of homework tasks will be considered a serious matter. Assessment details for Years 10, 11 and 12 are given by each Department at the start of courses or at other appropriate times.

A GENERAL GUIDE TO SUGGESTED TIMES FOR HOMEWORK

These times indicate the amount of time the average student would need to spend on home study if he wished to keep up with his work. Parents are encouraged to communicate with subject teachers via the diary when issues about homework arise.

YEARS 5 & 6 45 minutes to 1 hour (4 times a week)

YEARS 7 & 8 1½ hours (5 times a week)

YEAR 9 2 hours (5 times a week)

YEAR 10 2½ hours (5 times a week)

YEARS 11 & 12 3 hours plus (5 times a week)

1.5 hours x 5 times a week = 7 hours over the week.

Keep Netflix Bingeing?

Try Forest App (great for people who care about the environment)

"There is a labelling feature on the app that is worth noting, i.e naming the tree the goal that you want to achieve for that timeframe.

For Example: growing a 65-minute tree named 'science notes to chapter 4' with the intention to finish the goal by the time the tree has grown."

FOREST App

The best cure for phone addiction

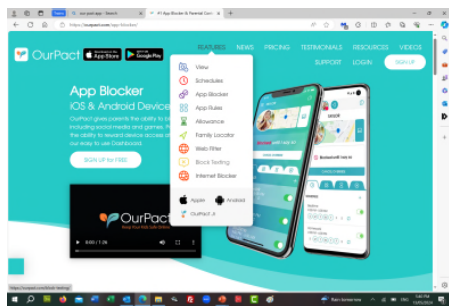

Forest is a popular productivity app that helps people beat their phone addiction and manage their time in an interesting and pleasant way. Users can earn credits by not using their cell phones and plant real trees around the world with the credits. With Forest, users can have a delightful experience to spend less time on their cell phones, focus on what's more important in their lives, and keep our environment green.

Forest is a popular productivity app that helps people beat their phone addiction. If you want to temporarily put down your phone you can plant a seed in Forest. As time goes by, this seed will gradually grow into a tree. However, if you cannot resist the temptation of using your phone and leave the app, your tree will wither. Users can earn credits by not using their cell phones and plant real trees around the world with the credits.
